

Full Stack Developer (MERN) with 1 year of experience building scalable and maintainable web solutions. Passionate about clean architecture and product-driven development.

Education

Bachelor of Engineering (B.E.) in Computer Science & Engineering
Savitribai Phule Pune University — *Expected Graduation: 2027*

GPA - 8.23

Experience

Renunciant Technologies Pvt. Ltd

Pune

Full Stack Developer

Feb 2025 – Nov 2025

- Developed and deployed scalable web applications using **React.js, Node.js, Express, and MongoDB**, improving system efficiency by **30%**.
- Executed advanced SEO optimizations mobile-first fixes, Core Web Vitals tuning, keyword refinement, and structured data boosting search visibility and organic performance.
- Designed and implemented **RESTful APIs** and optimized backend performance, reducing response time by **25%**.
- Collaborated with cross-functional teams to deliver **user-centric, maintainable, and high-performance solutions**.
- Integrated third-party services and APIs for seamless functionality and enhanced user experience.
- Followed **Agile methodologies**, ensuring on-time delivery of features and sprint goals.
- Maintained clean, modular code architecture aligned with **industry standards and best practices**.

PROJECTS

PVG-360 – VR Integration

Tech Stack: Marzipano, React.js, Node.js, Express.js, MongoDB

Developed an immersive VR experience integrated into a MERN web application to visualize 3D environments and interactive product demos directly in browsers using WebXR and A-Frame. Integrated VR modules with React and Express for real-time 3D scene rendering, secure data management, and seamless cross-device VR experiences.

TaskFlow – Smart Task Management System

Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, Cloudinary

Developed a task management platform that allows users to create, track, and manage daily tasks with secure authentication and responsive UI.

Secure task management system with JWT authentication, Cloudinary integration, and an intuitive dashboard for task tracking and progress management.
